

# IEPCP Partnership Evaluation 2016

## PARTNERSHIP ASSESSMENT SURVEY

inner east  
pcp primary care  
partnership

### What we are doing well

Percentage of partners who  
benefitted from IEPCP work

Networking  
opportunities,  
resources and  
information **80%**

Coordination of  
collaborative action  
or partnership  
development **80%**

A platform for  
collaborative  
activity or research **70%**

### Highlights of partnership work

- Health Pathways
- Food Access and Security
- PVAW
- Population Health Planning

"The PCP are really clear  
about the capacity building  
role of the PCP and the ways  
they can support &  
strengthen organisations and  
collaborative effort"

"Great improvement in clarity  
of purpose and good process  
in past couple of years."

### How we could improve

- Communicate PCP strategies and objectives better
- Build better relationships with local government
- Help our partners gain funding or support

"Focus on one or  
two key projects of  
value to all the  
LGs, with a  
methodology that  
all partners are  
comfortable with"

### What is unique about the IEPCP for our partners?

We:

- are non-partisan, neutral
- connect LGAs, bring stakeholders together
- build capacity
- build relationships
- are supported by DHHS
- have skills and expertise

"IEPCP brings key  
stakeholders together  
to facilitate  
collaboration that can  
result in  
collective impact  
across the inner EMR"
