

# IEPCP Partnership Evaluation 2016

## SERVICE COORDINATION PRACTITIONERS' NETWORK SURVEY

### We surveyed:

**119**  
members

**45**  
organisations

- Aged care
- Hospital or health services
- Community health
- Multicultural services
- Government
- Other services

### The network assists with:

- information
- resources
- service updates
- newsletter
- HACC and Aged care reforms
- networking
- building relationships

### Network members valued:

- networking and peer support
- sharing information
- understanding the community service sector

### Key benefits:

**94%** enhanced ability to address important issues

**94%** acquired useful knowledge

**87%** enhanced ability to meet client's needs

### What else we could do:

- discussion forum
- greater opportunities for partnership
- more case studies from experts

“Enabled me to communicate with support recipients effectively”

“Good to know that others are experiencing similar issues regarding changes”
