

Planning Session – Connecting with Schools in Manningham

Schools are becoming an increasingly crowded space for community services to approach in the delivery of programs.

You're invited to a planning session to:

- Share the work we are doing with schools
- Identify synergies and gaps
- Develop joint offerings which are useful and attractive to schools

Outcomes of the session will be shared with school leaders to improve coordination of programs.

If you can't attend – a survey will be shared so you can still contribute.

When:

2-4 pm Wed 18 April 2018

Venue:

Council Chambers
Manningham Civic Centre
